

Addendum

I'll skip a few months here. I honestly don't have much to tell you about them.

When it came to my mission's targets, I'll just say that I wasn't kind, but then, you'll see that soon enough. I had a reason for everything that I did, just as I had one for getting so angry when Talira suggested that I rest, but I didn't know what it was at the time. It was buried in my subconscious for a while.

I'd rather not talk about Damari, here or elsewhere. Even with it having happened long ago, it still hurts.

Now. This is your last chance to bail, my love. By the end of this segment, you will know the worst thing I've done in my life, and I... I don't know what to think about that.

Even still, I'll continue, hoping all the while that you'll skip forward.
