

# Content Warnings

I've done my best to include as many content warnings as I can here, but I can't guarantee that I've caught all of them. As always when reading a novel that covers heavier topics, please keep your mental health in mind!

Throughout: Dissociation, dissociation, dissociation! Amnesia. Flashbacks. Near death experiences.

Book One: death of a child, mentions of torture (nothing graphic)

Book Two: torture (off screen, although the aftermath is described), gore, brief descriptions of past trafficking trauma (nothing graphic), past child abuse, vague references to CSA, one instance of nonconsensual sex (in a flashback, nothing graphic, focus is on the survivor's dissociation tactics), death of a main character's child

Book Three: grief, hopelessness, mention and brief discussion of cannibalism
